Hi @Mishra Avinash,

As per our last discussion I completed my task.

Hi @Salik Aousaf Jidda,

As per our last discussion we have to separate the objects by module wise but still it is pending due to @Venkata Revanth availability.

Hi @Mohit Agrawal/@Aashay Tattu,

95% all task is completed only object separation is pending due to @Venkata Revanth availability, but you can allocate any functional end to end testing for modified Payroll Business Central Changes. So, I am releasing object for testing.

Kindly check and let me know if any information or detail required from myside.

Subject: RE: Payroll BC Listing

Hi Avinash,

Assigned work still is in progress. Because from last two weeks I was busy in Xsens project was fully occupied.

Please find the below points

Task Details
1. Remove :
a. Unwanted code / commented code
b. Remove unused variable and trigger on tables and forms.
2. Upgrade Email notification code (upgrade code already shared with you).
3. Please option with Enum (as much as possible, we are not using much option in Payroll in DME, try to find and replace).
4. Remove unwanted folder and add folder for RDLC report files.

As per the assigned task of delivery project(Xsens) I was not able to complete your task.

It will take 4days(including buffer) to complete the assigned task. 1 to 3 points I will try to complete ASAP, 4th point will take some time.

Thanks & Regards,

Hi @Ramesh Earappa,

As discussed, please start modification below points , which I fixed in one to one module.

1. Remove :
 - a. Unwanted code / commented code
 - b. Remove unused variable and trigger on tables and forms.
2. Upgrade Email notification code (upgrade code already shared with you).
3. Please option with Enum (as much as possible, we are not using much option in Payroll in DME, try to find and replace).
4. Remove unwanted folder and add folder for RDLC report files.

All above points we fixed you just replica for other module. If you are facing any issue please let me know.

If you getting time please go through below link :

<https://simplanova.com/blog/dynamics-365-business-central-al-automated-tests/>

Hi @Mohit Agrawal / @Salik Aousaf Jidda,

Once above task is completed then we can plan for full testing. Please arrange any functional end to end testing. If there are no issues so we can plan to create App file and test once.

@Aashay Tattu,

If everything goes as planned, we will close this activity by end of this month.

I will be on leave from date : 07 Nov 2021 to 16 Nov 2021, so we can sit on 17 Nov 2021 for further process.

Please check and let me know if any details or help require.

Hi,

Link for understanding Automated testing in Businsee Central:

Subject: Payroll BC Listing

Dear Mohit, Salik,

Microsoft has add two new requirements for the listing to proceed :

- Key Usage Scenario Document (.pdf, .doc, .docx) : Upload a document which lists out the key usage scenarios that your offer supports.
- **App Tests Automation (.app)** : Upload a Test app file (.app file) for running automated testing.

These appear to be the final set of requirements for listing as all other mandatory requirements are met.

Please provide these to proceed with the listing

Aashay Tattu
